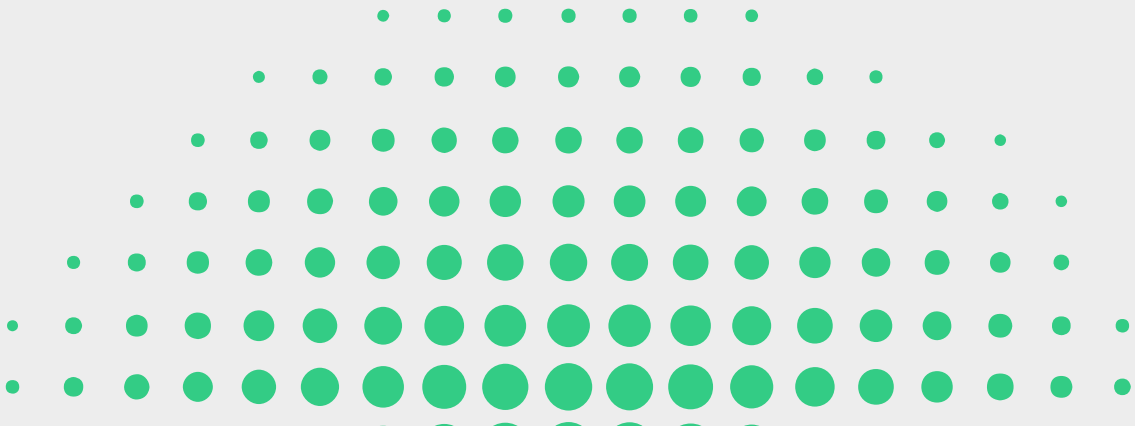
Vigil

Crypto markets run

24/7 You DON’T

Busy people miss trades while sleeping

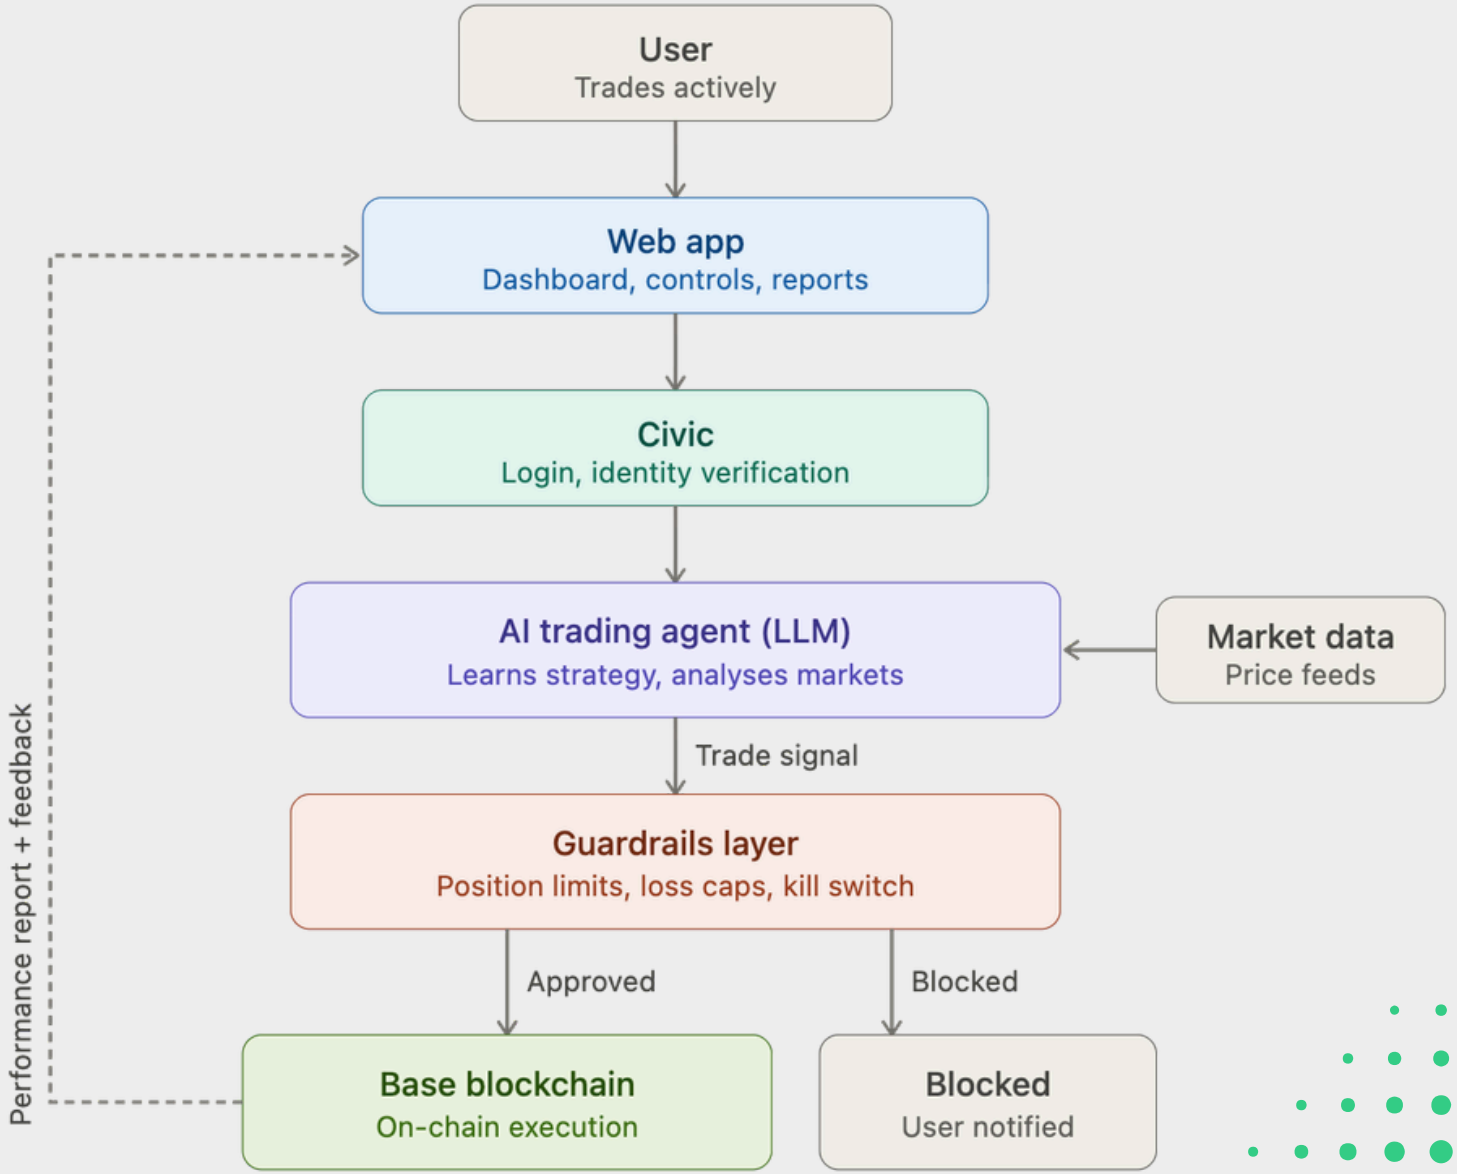
Existing bots don’t match your style well



What we do

- Vigil watches how you trade
- Mimics your strategy when you are inactive
- Gives you feedback to improve

Vigil System Architecture



Business model

Free	Pro
Paper trading	Live autonomous trading
Strategy backtest	Overnight agent
AI reccomendations	Performance reports

Thank You

Now go to sleep
Vigil's got it from here
